G. S. 153.A-358. Time limitations on the validity of permits. A permit issued pursuant to G.S. 163A-357 expires six months, or any lesser time fixed by ordinance of the town, after the date of issuance if the work authorized by the permit has not commenced. If after commencement the work is discontinued for a period of 12 months, the permit therefore immediately expires. No work authorized by a permit that has expired may thereafter be performed until a new permit has been secured.

The Undersigned does hereby certify that the information given above is correct and agrees that any construction, alteration, or placement of a building or sign shall comply with all local and state laws, the Town of Benson's Zoning Ordinance, the North Carolina State Building Code, as well as any restrictions attached. The premises may not be used for any purpose or in any manner prohibited by local ordinances and/or regulations. The applicant furthermore declares that he/she is the property owner or their authorized agent.
