Addendum Date: August 19, 2024

Issue Date: August 6, 2024

Last Date for Questions: August 23, 2024

Bids Due: September 6, 2024 2:00 PM EST

Estimated Award Date: September 11, 2024

Services Begin: January 1, 2025

ADDENDUM 02

The Town of Benson is issuing addendum 02 for the Solid Waste Collection Services. This is in response to several questions the Town has received in reference to the bid package.

List of questions and responses.

1. The RFP gives an estimated number of homes at 1,600. Can you give an exact number. How many homes are you being billed for on your monthly invoice?
 - a. Current customer is 2,080.
2. What is the current rate you are paying for service? Can you supply a copy of your last invoice? Also see Attachment B.

Refuse Collection	7/1/2024	
General Refuse Service	\$34.50	
General Backyard Service	\$55.25	
Senior/Disabled Refuse Service	\$34.50	
1 Extra Yard Debris	\$5.75	
1 Extra Trash Cart	\$23.00	
1 Extra Recycle Bin	\$5.75	
Commercial Shared Sites:		
Downtown Commercial	\$75.00	
Food Svc/Perishable Commercial	\$148.43	
Bulk Waste Fee		\$300.00
*A load of bulk waste is 1-20 cubic yards		
*Not allowed in Bulk Waste: Tires, Electronics, Paint, Chemicals, Bio-Hazardous Waste or other Hazardous Waste		
Bulk Yard Waste Fee	\$300.00	

- a.
3. The RFP mentions five 4-yard dumpsters, but you do not give a frequency. Is it for once per week service?
 - a. Once a week
4. The RFP mentions a Mule Day event, that has a wide variety of containers. In reference to the 30- and 20-yard containers, do you know how many tons each container averages? We must pay the landfill a disposal rate per ton for each container we haul to them.
 - a. The town is pulling the Mule Day service from the RFQ.
5. Can you be more specific on what service you need for the Spring and Fall cleanups?

- a. The Town will set a week in the spring and a week in the fall. Grapple trucks are used, not dumpsters. They get anything that's out by the curb limbs, leaves, grass clippings and they also grab bulk stuff like couches, mattresses ,chairs.
6. The RFP pricing form is a little confusing on the event work. For example, you have a line for the Mule Day event, which is once per year, but you are asking for a quarterly rate per resident. It would seem that it should be one annual rate for the event. As mentioned in an earlier question we do not know how much the contents of each roll off container will weigh so it is difficult to give a flat number. What makes more sense is to ask for a rate per haul plus the landfill rate per ton. The same would apply to the Spring and Fall clean up pricing line.
 - a. Revised pricing form attached.
7. What are the current service days per type of service? For example, what days is the trash picked up, recycling and yard waste.
 - a. Trash service is weekly on two days. Recycling and yard waste is bi- weekly on two days. See attachment A for current schedules and streets involved.
8. Can we pick up on different days for each service? The RFP states that MSW and Recycling have to be the same day?
 - a. See #7 above and Attachment A.
9. Can the contract term be extended to 5 years instead of a three-year term with a possible two-year extension?
 - a. The term is to be three (3) years with an option for additional two (2) years.
10. Where is the recycling material currently taken to?
 - a. Sonoco in Fayetteville
11. Can you please provide the last twelve months of MSW, recycle and yard waste tonnages?
 - a. This is something we do not track
12. What is the current service schedule with GFL?
 - a. See item 7 and Attachment A.
13. What are the current service rates GFL charges the Town for their MSW, recycle, yard waste and dumpster services?
 - a. See item 2.
14. What are the size dumpsters required for the spring/fall clean ups and how many dumpsters are required?
 - a. See item 5.
15. Do you have any historical data for tonnage for Mule Days dumpsters?
 - a. This is removed from this RFQ.
16. What are the Town's policies for material not placed inside the provided 96 gallon carts?
 - a. It is not to be picked up.
17. What is the Town's policy for contaminated recycle carts or yard waste carts?
 - a. They would have to be replaced. The town has not charged customers in the past for this. We will add a separate line item on the bid form if you wish to add these costs.
18. How many homes are currently under construction? How many homes are expected to be built during the contract term?
 - a. We can't say with any degree of accuracy so please adhere to the 2,080 number for bidding. +
